### MOVING TROOPS FROM MANILA.

QUITE INTERESTING DISPATCH FROM GENERAL MACARTHUR.

The Philippine Commander Says He Has Sent the Utmost Limit of His Force

WASHINGTON, July 19.—In reply to instructions of the Secretary of War of July 7 General MacArthur cabled the adjutant-general the following, under date of July 9, 10:40 p. m.:

"Daggett's Regiment (Fourteenth United States Infantry) and Reilly's Battery (Fifth Artillery) will leave on the 13th for Taku on the transports Indiana, Flintshire and Wyfield. The Taylor is in Samar, not available. For the other infantry regiment for Chinese service recommend first one leaving the States. Manila can be nicely cared for until arrival of new troops, without drawing on McPherson, Bullard and Sargent, which is now impracticable. \* \* \* In addition to one month's subsistence supplies with troops, I send with Daggett to establish a depot for three months' subsistence for 5000 men. The regiments have 500 rounds of ammunition per man and the Crozier carries one million reserve and such miscellaneous ordnance supplies as can be spared from here. With a view to a medical supply depot, stores for three months for 5000 men go with Daggett; there will be eight medical officers in China from the Philippines. I send three months' forage for 350 animals and partial supply of winter clothing for Ninth Infantry. Shall keep Indiana and Flintshire in China waters for local service therein. Will order all transportation home to expedite the transfer of troops here.

"The foregoing arrangements are easily changed if the department so wishes and cables quickly. Seven companies of Hardin's Regiment and Taylor's Battery have been sent to Samar, replacing Hughes' troops therein, which have been concentrated in Leyte. \* \* \* Request authority to permanently transfer Samar to the Department of Southern Luzon.

"MACARTHUR." The publication of MacArthur's cable is the first official admission of the purpose of the administration to withdraw additional troops from the Philippines for the purpose of aiding in the suppression of the rebellious conditions of China. Outside of the sailors and marines of Admiral Kempff's fleet the only United States forces now in China are the 1350 officers and men of the Ninth Infantry, which, according to press dispatches, arrived at Taku from Manila last Saturday.

The additional troops ordered to the scene from Manila, according to General MacArthur's dispatches, will add a little over 1000 to that force. The reinforcements consist of two battalions of four companies each of the Fourteenth Infantry, amounting to about 900 men, and Captain Reilly's battery of the Fifth Artillery, numbering 138 men with six guns. The Third Battalion of the Fourteenth Infantry is now in the United States, posted at Fort Brady and Fort Wayne.

The Philippine reinforcements should arrive at Taku by the 20th inst. The transports used for this movement are large freight boats, and while somewhat slow are well adapted for the purpose. They will carry supplies and stores of all kinds sufficient for an army of 5000 men for three months.

A depot of supplies will be established at Taku and will be provided with everything necessary for the maintenance of the troops in active field service, including a well-stored medical supply department.

General MacArthur's dispatch is interpreted to mean that no more troops of his command can be withdrawn from his force without detriment to affairs in the Philippines. It also shows that he was unable to send as many troops to China as the War Department desired. This is shown by his statement that Taylor's battery of the Fourth Artillery in Samar was not available for service in China and by the further statement that it is impracticable to draw upon the Thirty-eighth, Thirty-ninth and Twenty-ninth Volunteers, commanded respectively by Colonels Anderson, Bullard and Sargent. In response to his request he was urged by the Secretary of War to transfer the troops in Samar to the Department of Southern Luzon.

### A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.

The Honolulu Republican will be delivered to any part of the city for 75c per month or \$2 per quarter.
